SOLUTION OFFERINGS**

*Partnership sealed with Chaos Software, Di-O-Matics and Leadtek
for Malaysia and Singapore*

Kuala Lumpur, September 29, 2008 – Leading IT distributor ACA Pacific Technology expands its presence in the local media and entertainment business solutions market with the latest appointment as the value added distributor (VAD) with three media and entertainment brands – Chaos Software (V-Ray Rendering Solution), Di-O-Matics and Leadtek (Nvidia Quadro).

“This appointment is in line with our objective of forging more strategic partnership with dynamic global companies in the region. With our expertise in the media and entertainment arena, ACA Pacific will help these brands penetrate the Malaysian and Singapore markets by driving brand value, product awareness and market share in the local industries,” said Mark Gill, managing director at ACA Pacific.

Taiwan based Leadtek Research manufactures original multimedia product with the best of PCTV solutions. D-O-Matics is a leading developer of character animation software whereas Chaos Software provides software solutions for the 3D design and animation industries. Both D-O-Matics’ plug-ins for Autodesk 3ds Max and Maya and Chaos Software’s V-Ray rendering technology complement the existing Autodesk products represented by ACA Pacific.

“We are thrilled to collaborate with ACA Pacific as our partner to broaden Leadtek’s market reach in the Asia Pacific region. As one of the leading IT suppliers in Asia, ACA Pacific’s extensive marketing experience, strong distribution channel and excellent customer service makes them a perfect partner to expand Leadtek’s products,” said K. S. Lu, chairman and CEO of Leadtek Research Inc.

“Leadtek has over 20 years’ experience of design and manufacturing high quality 3D graphics, and operating in the Asia Pacific Workstation market. With this partnership, we are confident that establishing this win-win partnership not only benefits Leadtek and ACA Pacific but also brings a more valuable graphics solutions and multimedia experience for PC and Workstation users and IT management,” Lu added.

“At Di-O-Matic, we are pleased to have our character animation product line represented by ACA Pacific. We look forward to work closely with ACA Pacific to assist production studios with their CG character animation needs.” Laurent M. Abecassis, President of Di-O-Matic and Emmy award winner.

Apart from the media and entertainment solutions, ACA Pacific also carries five other product lines in both Malaysia and Singapore namely: Design Automation, Security & Networking Solution, Server, Storage, UPS and Backup Solution, Imaging Solution and Business Applications.

Peter Mitev, CEO of Chaos Software confided: "Chaos Group and Chaos Software are proud to have been building a stable partnership with ACA Pacific for more than four years now and to forge it even further. We believe the new business relations of ACA Pacific will additionally lead to expansion of market influence for all parties. This will help all market players improve the quality of services and products provided and take them to a higher level. It is the client, who benefits mostly from this joint effort and this above all is our major goal - to make the customers happy".
